the oxford handbook of the state in the ancient near east and mediterranean offers a comprehensive survey of ancient state formation in western eurasia and north africa eighteen experts introduce readers to a wide variety of systems spanning 4 000 years from the earliest known states in world history to the roman empire and its immediate successors they seek to understand the inner workings of these states by focusing on key issues political and military power the impact of ideologies the rise and fall of individual polities and the mechanisms of cooperation coercion and exploitation this shared emphasis on critical institutions and dynamics invites comparative and cross cultural perspectives a detailed introductory review of contemporary approaches to the study of the state puts the rich historical case studies in context transcending conventional boundaries between ancient near eastern and mediterranean history and between ancient and early medieval history this volume will be of interest not only to historians but also anthropologists archaeologists sociologists and political scientists its accessible style and up to date references will make it an invaluable resource for both students and scholars

reprint of the original first published in 1870

does the bible have anything to contribute to contemporary concerns about the environment this collection of essays on the bible and ecology explores biblical texts and their interpretation in the light of ecological issues the handbook covers a number of political and ethical issues as well as offering detailed exploration of individual bible books it discusses a number of controversial views including whether the judeo christian tradition has contributed to the environmental crisis and how the bible is used by climate change deniers

drawing on the rich resources of the ten volume series of the oxford handbooks of political science this one volume distillation provides a comprehensive overview of all the main branches of contemporary political science political theory political institutions political behavior comparative politics international relations political economy law and politics public policy contextual political analysis and political methodology sixty seven of the top political scientists worldwide survey recent developments in those fields and provide penetrating introductions to exciting new fields of study following in the footsteps of the new handbook of political science edited by robert goodin and hans dieter klingemann a decade before this oxford handbook will become an indispensable guide to the scope and methods of political science as a whole it will serve as the reference book of record for political scientists and for those following their work for years to come

in three sections the oxford handbook of the history of medicine celebrates the richness and variety of medical history around the world it explore medical developments and trends in

writing history according to period place and theme

provides detailed biographies and physical descriptions of all the costumed heroes and villains in marvel comics publications

the first edition of this handbook is built on surveys by well known figures from around the world and around the intellectual world reflecting several different theoretical predilections balancing coverage of enduring questions and important recent work those strengths are now enhanced by adding new chapters and thoroughly revising almost all other chapters partly to reflect ways in which the field has changed in the intervening twenty years in some places radically the result is a magnificent volume that can be used for many purposes david w lightfoot georgetown university the handbook of linguistics second edition is a stupendous achievement aronoff and rees miller have provided overviews of 29 subfields of linguistics each written by one of the leading researchers in that subfield and each impressively crafted in both style and content i know of no finer resource for anyone who would wish to be better informed on recent developments in linguistics frederick j newmeyer university of washington university of british columbia and simon fraser university linguists their students colleagues family and friends anyone interested in the latest findings from a wide array of linguistic subfields will welcome this second updated and expanded edition of the handbook of linguistics leading scholars provide highly accessible yet substantive introductions to their fields it s an even more valuable resource than its predecessor sally mcconnell ginet cornell university no handbook or text offers a more comprehensive contemporary overview of the field of linguistics in the twenty first century new and thoroughly updated chapters by prominent scholars on each topic and subfield make this a unique landmark publication walt wolfram north carolina state university this second edition of the handbook of linguistics provides an updated and timely overview of the field of linguistics the editor s broad definition of the field ensures that the book may be read by those seeking a comprehensive introduction to the subject but with little or no prior knowledge of the area building on the popular first edition the handbook of linguistics second edition features new and revised content reflecting advances within the discipline new chapters expand the already broad coverage of the handbook to address and take account of key changes within the field in the intervening years it explores psycholinguistics linguistic anthropology and ethnolinguistics sociolinguistic theory language variation and second language pedagogy with contributions from a global team of leading linguists this comprehensive and accessible volume is the ideal resource for those engaged in study and work within the dynamic field of linguistics

the book of revelation holds a special fascination for both scholars and the general public the book has generated widely differing interpretations yet revelation has surprisingly not been the focus of many single volume reference works the oxford handbook of the book of revelation fills a need in the study of this controversial book thirty essays by leading scholars from around the world orient readers to the major currents in the study of revelation divided into five sections literary features social setting theology and ethics history of reception and influence and currents in interpretation the essays identify the major lines of interpretation that have shaped discussion of these topics and then work through the aspects of those topics that are

most significant and hold greatest promise for future research
