working with interpreters and translators a guide for speech language pathologists and audiologists offers state of the art procedures to conduct interviews assessments and conferences with students with limited english language proficiency and their families as no research base is available in the field of communicative disorders on this specific topic the information presented in this guide is supported by a critical review of the literature on best practices in interpreting for international conferences and legal and medical fields furthermore the authors experience working with language interpreters and training professionals as well as graduate students in communicative disorders makes this a very valuable resource for professionals interpreters translators as well as undergraduate and graduate students federal and state laws specify that if necessary english language learners ell need to be assessed in their native language when referred for possible special education the number of ell students attending

public schools across the nation has increased in the past few decades there are not enough speech language pathologists slps or audiologists who are proficient in the various languages spoken by ell students even in spanish the most common language spoken by ell students in the united states the next best solution is to conduct assessments in collaboration with a trained interpreter translator key features include information and references for the most common languages spoken by ell students discussion of culturally based variables that need to be considered in the process of interviewing and working with linguistically and culturally diverse populations description of the roles and responsibilities for individuals who will be collaborating as interpreters and translators with slps and audiologists in various contexts such as interviews assessments and various meetings such as iep and ifsp as well as suggestions on training individuals in this collaborative process review of best practices in speech language and audiological assessments both with and without materials in the given language disclaimer please note that ancillary content such documents audio and video may not be included as published in the original print version of this book working with interpreters and translators a guide for speech language pathologists and audiologists is a must have reference for anyone working with ell students although the process was developed with the pediatric population in mind much of this information can be applied to older culturally and linguistically diverse populations in need of speech language and or hearing services it will also be useful to professionals working with language interpreters in allied health professions in other countries

there is very little discussion of socially just approaches to speech language pathology within other fields of clinically oriented practice social justice is a topic that has received a great deal of attention within the last few years pedagogy for addressing social justice has been developed in

other disciplines the field of communication disorders has failed to move forward and do the same discussion of social justice is important given the current sociopolitical climate and landscape that clients carry out in their day to day functioning speech language pathologists slps have an opportunity to engage in practices that help address and alleviate some of the injustices that contribute to educational and health disparities experienced by communities of color they may do this through the development and application of a socially just orientation of culturally competent practice that fosters changes beyond the individual level adapting such a framework makes it possible for slps to effectively advocate for and foster equity and inclusion for the individuals and broader communities impacted by slp services critical perspectives on social justice in speech language pathology addresses the socio political contexts of how the field of speech language pathology and service delivery can impact policy and debates related to social justice issues it explores social position factors and the experiences of marginalized communities to explore how speech language pathologists deliver services train and prepare students and carry out research in communities of color it covers topic areas including disproportionality in special education disability rights and ableism achievement and opportunity gaps health disparities and lgbtq rights with a focus on voice communication and gender diverse populations this book is essential for speech language pathologists administrators practitioners researchers academicians and students interested in how the slp profession and discipline can contribute to or develop efforts to help address injustices faced by black indigenous and people of color bipoc communities
